Chaves Londonderry Gravel Pit A250 Permit Docket No. 60-4-11 Vtec
Project: Chaves Londonderry Gravel Pit, LLC
Applicant: David Chaves
Act 250 District Commission Dec

Title: Motion (Renewed) to Continue Trial, No. 11

Filed: March 7, 2012

Filed By: Hans Huessy, Atty. for: Interested Persons Kraig & Doreena Hart

Granted Denied Other

The Court sympathizes with Mr. + Mrs. Hart as they care for a dear family member, but we must also take into consideration the impact of a further trial delay on others inside and out of this litigation.

We have also discovered that, due to other trial commitments for the undersigned, as well as availability of a courtroom in Newfane or Berlin, that a continued trial is unlikely to be scheduled before mid-June. For these reasons, we must DENY further continuation.
